R.L. Brown Construction, Inc.

General Contractor - New Buildings, Tenant Improvements, Retrofits, Repairs

R.L. Brown Construction is an accomplished general contractor, serving both the commercial and residential markets since 1975. Our areas of expertise include commercial and residential new construction, commercial and residential reconstruction, office, retail, and industrial tenant improvements, additions and expansions, Home Owner Association work, and construction litigation support.

We are a family-owned firm, founded on a commitment to outstanding client service, quality construction, and sound business management principles. Our longevity and success is derived by continually providing high value and exceptional service for all our clients. Working closely with the design team, we can review preliminary scopes of work and offer constructability input that brings... ***Value from the Start!***
